

INDOOR > WALL - CEILING - SUSPENSION > STARGATE

## FEATURES

|                 |   |
|-----------------|---|
| Intended Use:   | Interior  |
| Installation:   | Suspension  |
| Fixing:         | Suspension system with steel rope(s) L=3100 mm and micrometric adjustment |
| Body/Structure: | Sheet steel body  |
| Painting:       | Interior polyester powder coating   |
| Finish:         | White   |
| Glass/Screen:   | Bi-satin polycarbonate diffuser screen                                    |
| Driver:         | Remote dimmable 1-10V power supply for LED                                |

## TECHNICAL DATA

|                        |                            |
|------------------------|----------------------------|
| Tension:               | 220-240V 50/60Hz           |
| Beam:                  | Symmetrical, dual emission |
| Current:               | 500mA                      |
| Insulation class:      | 1                          |
| Weight:                | 6 kg                       |
| IP grade:              | 40                         |
| Glow wire:             | 850 °C                     |
| Lamp included:         | Yes                        |
| LED type:              | Power LED                  |
| Overall power:         | 52 W                       |
| Appliance flow:        | 4316 lm                    |
| Nominal duration:      | 50.000 ore L80 B20         |
| Color temperature:     | 4000 K                     |
| Color rendering index: | >80                        |
| Color consistency:     | 3 SDCM                     |

LIGHT SOURCE: 16 x LED 3.00W 450lm

## NOTES

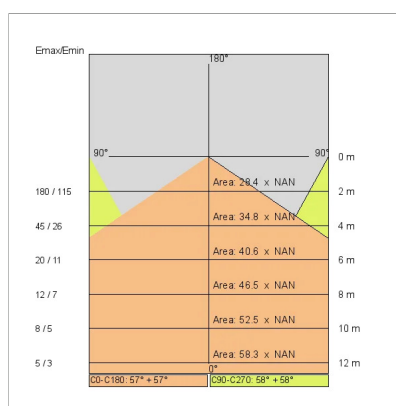

A = 233 mm

On request: Fabric power cord white or black
