EXTERIOR > UNDER WATER LIGHTS > SUBWATER

#### **FEATURES**

| Exteriors  |
|--|
| Recessed wall/floor  |
| Body, frame/ring and formwork made of stainless steel (AISI 316) |
| Transparent protective coating                                   |
| Satin stainless steel  |
| Metalized polycarbonate mirror reflector                         |
| Clear tempered glass   |
| Not included; must be ordered separately                         |
|  |

#### TECHNICAL DATA

| Beam:                  | Concentric symmetrical 12° |
|------------------------|----------------------------|
| Current:               | 350mA                      |
| Insulation class:      | 3                          |
| Weight:                | 3.8 kg                     |
| IP grade:              | 68                         |
| Glow wire:             | 850 °C                     |
| Lamp included:         | Yes                        |
| LED type:              | Power LED                  |
| Overall power:         | 11.8 W                     |
| Appliance flow:        | 1533 lm                    |
| Nominal duration:      | 50001 (h) L80 B20          |
| Color temperature:     | 3000 K                     |
| Color rendering index: | >80                        |
| 0.1                    | 7.00014                    |
| Color consistency:     | 3 SDCM                     |

LIGHT SOURCE: 1 x LED 11.80W 1780lm

## **NOTES**

maintenance without emptying the tank. installation depth 3 mt max. not suitable for immersion in sea water.

Maximum nighttime ambiance temperature when the fitting is on not exceeding  $50^{\circ}$ C Minimum nighttime ambiance temperature when the fitting is on not lower than -20°C Maximum daytime ambiance temperature when the fitting is off not exceeding  $60^{\circ}$ C
